

# NONPROFIT BIZ SHEET

By definition, "2.0" is used to denote a superior or more advanced version of an original concept, product, service, etc. With respect to our local Beaches, 2.0 reflects what we already know and love about the Beaches but takes it a step further. The world has seen and felt the pain of its neighbors during the COVID 19 pandemic. And the same is true of the Beaches close knit community. We have been very fortunate to not be hit as drastically as large urban cities, but our small beach world is different now, nonetheless. This campaign wishes to make that difference in perspective a good one. New is not always better, but our Beaches will be. Stronger, more determined, resilient and above all, truly neighborly. When the time is right and the appropriate measures are in place, we want everyone to come back to the beaches, one more time... Beaches 2.0.

Please fill out the form below to be listed on our Beaches2.com website and included in our social media campaign to help Reboot the Beaches.

**Business Name**

**Contact Name\***

**Phone Number**

**Contact Email\***

*\* This information is for internal use only and will not be published.*
